BEST AVAILABLE COPY

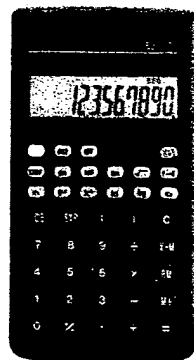

# Denville Scientific Research Products 1991

## To Order:

by phone 201-328-0822

by fax 201-927-0426

by mail **Denville Scientific, Inc.**  
P.O. Box 304  
Denville, NJ  
07834-0304 USA

**Free**  
with your first order:

(of \$250.00 or more)

**Scientific Calculator**  
Programmable, up to 40 steps,  
direct formula entry, program  
protection for future recall,  
auto-off, 6 levels of parenthesis,  
46 standard functions  
including: statistical, hyperbolic,  
logarithmic, trigonometric,  
reciprocal, exponential,  
factorial, roots, square roots,  
cube roots.

To receive your free gift, please add the catalog number below to your order of \$250.00 or more.

No. C-0003 Programmable Scientific Calculator

## Terms & Conditions

Net 30 days, F.O.B. Randolph, N.J., USA. Shipping charges and insurance are prepaid and added to invoice. An interest charge of 1.5% per month will be added to overdue invoices. Information contained herein is not to be considered binding as to illustrations or specifications. Information is effective March 1, 1991 and subject to change without notice. Prices are in U.S. Dollars.

### Trademarks:

Eppendorf, Brinkmann Instruments  
Pipetman, Rainin Instruments  
Pipette, Labindustries  
Titertek, ICN Flow  
Octapette, 12-Pette, Costar  
Kryorack, Streck Laboratories  
Repeater, Eppendorf Geratebau  
UltraSpin, Denville Scientific  
Biomek, Beckman Instruments

## Warranty & Service

All equipment valued at above \$3000.00 is covered by 12 months on-site service warranty within the Continental United States. Other equipment, requiring service during the normal 12 month warranty period, will be repaired or replaced at our option. Return of such equipment must be authorized prior to shipment.

## Table of Contents

Page No.

### PIPETTORS, PIPET TIPS, LIQUID HANDLING.....3 to 12

Aardvark Tips.....	4
Aerosol Barrier Tips.....	3
Beveled Tips.....	7
Bulb Pipet Filler.....	12
Combi-Syringe Tips.....	4
Controller, Pipet.....	10, 12
Microcapillary Tips.....	5
Multi-channel Tubes, Pipettors.....	8
Multi-channel Plates, Centrifuge.....	9
Pipets, Disposable Transfer.....	13
Pipets, PCR.....	7, 10
Pipettors, Digital.....	11, 4, 10
Pipettors, Positive Displacement.....	4, 10
Repetitive Dispensers.....	8
Siliconized Tips.....	3
Ultra-Micro Tips.....	3, 6

### CULTURE and CENTRIFUGE TUBES.....13 to 15

Cap Locks for Microtubes.....	14
Centrifuge Tubes, Screwcap.....	13
Culture Tubes.....	13
Microcentrifuge Tubes.....	14, 15
Screwcap Microtubes.....	15
Siliconized Microtubes.....	15
Transport Tubes, Screwcap.....	13

### FILTRATION PRODUCTS..... 16, 17

Centrifuge Filters.....	16
Microcentrifuge Filters.....	16, 17
Pipet Tip Filters.....	17
Syringe Filters, Micro.....	17

### VIALS and CONTAINERS ..... 18, 19

Beakers, Disposable.....	18
Dishes, Balance.....	18
Containers, Multi-purpose.....	18
Containers, Specimen.....	18
Vials, Cryogenic.....	19
Vials, Scintillation.....	19

### RACKS and BOXES.....20 to 22

Beta Shield Racks, Boxes.....	20
Cold Racks, Ice Baths.....	20, 22
Freezer Boxes, Microtube.....	22
Racks, Microtube.....	20, 21, 22
Racks, Water Bath.....	21
Storage Boxes.....	22, 31

### CENTRIFUGES, REFRIGERATED and AMBIENT .....23 to 25

General Purpose Centrifuge.....	9
Microcentrifuge, Economy.....	24
Microcentrifuge, Refrigerated.....	23
Microcentrifuge, High Capacity.....	25
Personal Centrifuge.....	25
Refrigerated Centrifuges.....	23

### GENERAL APPARATUS ..... 26, 27

Cell Disrupter, Grinding Mill.....	26
Chiller, Test Tube.....	26
Incubator, Microtube.....	26
Rocking Shaker.....	27
Tissue Homogenizer.....	27
Vortexer, Hand-Held.....	27

### MOLECULAR BIOLOGY EQUIPMENT.....28 to 31

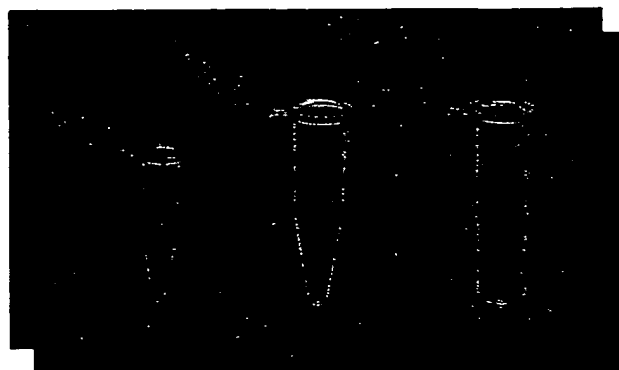

Blotter, Vacuum.....	28
Blotter, Electro.....	28
Cleanroom, Benchtop.....	28
Hybridization Bags, Boxes.....	31
Hybridization Membrane.....	31
Hybridization Ovens.....	30
Temperature Cyclers.....	29

## Siliconized Microcentrifuge Tubes

Our premium quality graduated tubes (shown preceding page) are also available with a prelubricated surface for applications requiring minimal binding characteristics. A special proprietary compound is used, eliminating any need for time consuming siliconization. These tubes are ideal for easy removal of DNA pellets, gene library work, precipitating restriction enzymes, lambda PHAGE procedures, DNA sequencing, or for any application requiring that samples fall directly and immediately to the bottom of the tube.

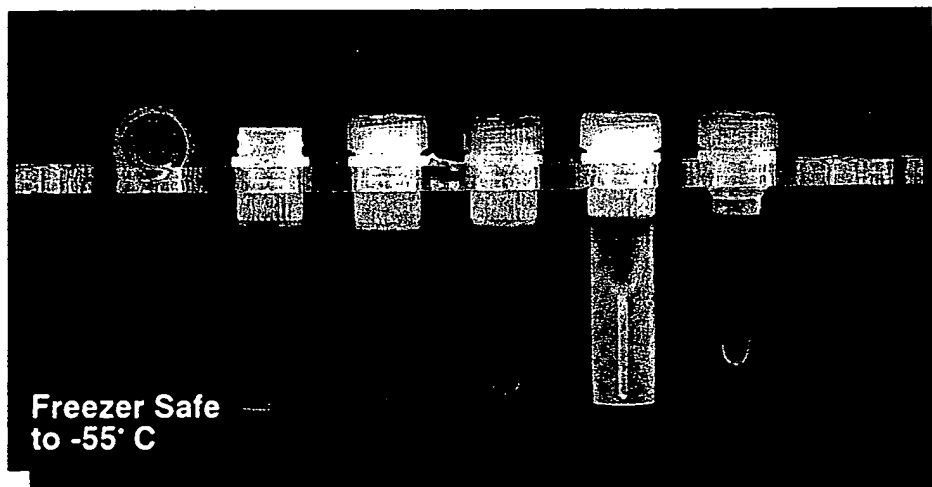

All sizes are available in rainbow pack colors and all are **RNase free**. The dimensions of the 600ul size make it compatible with major temperature cyclers.

Denville No.	Description	Pkg. Qty.	Price
C-19063	600ul, natural color	500	\$18.90
C-19065	600ul, rainbow pack	500	19.90
C-19033	1.7ml, natural color	250	10.90
C-19035	1.7ml, rainbow pack	250	11.90
C-19023	2.0ml, natural color	200	11.50
C-19025	2.0ml, rainbow pack	200	12.00

## Screwcap Microcentrifuge Tubes

New microtubes are available with or without O-rings for increased temperature range (-55° to +150° C), making them useful for freezing, boiling and PCR. Tubes and screwcaps are made of polypropylene, while the O-rings are made of a polypropylene/polyethylene blend. The 0.5ml size is compatible with all major temperature cyclers and has uniformly thin walls and bottoms for rapid, even thermal transfer. All sizes are compatible with most popular microcentrifuges.

Freezer Safe  
to -55° C

Denville No.	Packaging	Price Per 500	Denville No.	Packaging	Price Per 500
